

Remarks:

By above amendment, Applicants have corrected a grammar error and a typo in the specification. Also applicants have rewritten the claims to define the invention more particularly and distinctly according to the Allowable Subject Matter indicated by Examiner. Finally, missing non-patent literatures are included.

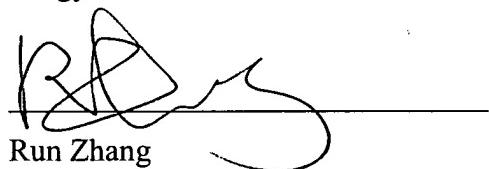

Very Truthfully,

Office Action Item 2: “113 is labeled in the drawing but is not found in the specification.”

The number 113 in FIG. 1B is correct. It should be “113” instead of “112” in the specification. (See Specification below).
